

Column Protector is designed to guard against accidental damage that may occur during collisions with forklift trucks. The Protector will reduce the damage caused by impact loads. Especially for installations with fast moving products or heavy products upright protectors are essential for the safety and durability of the racking.

### Features

- 1, Easy installation & removal.
- 2, Safety yellow color provides excellent visual reference for drivers and other warehouse personnel.
- 3, Prevent damage caused by impact loads
- 4, Be free of maintenance.
- 5, Economically and practically improve the security
